<p>How do I open and manage my account?</p>	<p>You'll need a minimum of £20,000 to open this account. This can be funded by new subscriptions, by a transfer of current year subscriptions from another ISA or a combination of both. As this is equal to the ISA allowance for the current tax year, if you have already subscribed to an ISA in this tax year you will not be able to open an account unless you are also transferring all of your current year subscriptions to this account. Your opening deposit must be made by cheque unless it is funded by a transfer from another ISA.</p> <p>You can open a Internet Only Cash ISA if you:</p> <ul style="list-style-type: none"> ▶ are aged 16 or over; ▶ have not already paid into an ISA for the current tax year (unless you are transferring in those subscriptions when you open the account); ▶ are resident in the UK for tax purposes or performing duties as a Crown Employee which are treated as being performed in the UK (or be married to or be in a civil partnership with a person who performs such duties). <p>How do I manage my account?</p> <p>You can manage your account online using our Internet Banking Service. You can transfer all or part of any subscriptions made in previous tax years.</p> <p>To do this you will need to fill in our ISA Transfer Form, which you can ask us for. We will contact your current ISA manager and arrange for them to transfer your ISA direct to us. Your current manager may charge you for ending your account.</p> <p>If the money you transfer has been saved in the current tax year, this will count towards your annual ISA allowance. If the money you transfer was saved in a previous tax year it will not affect your allowance for the current tax year.</p>
<p>Can I withdraw money?</p>	<p>Yes. You can withdraw money before the end of your fixed term, but an interest penalty charge applies.</p> <p>If you withdraw some of the money in your account, this charge will be deducted from the remaining balance in your account. Or if you withdraw all or close your account, this charge will be deducted from the money before we pay it to you.</p> <p>The charge depends on the term of your account, as set out below.</p> <ul style="list-style-type: none"> ▶ Term of 2 years or less charge is equivalent to 90 days' gross interest on the amount withdrawn. ▶ Term over 2 years charge is equivalent to 180 days' gross interest on the amount withdrawn.
