

## PRODUCT SHEET

# ASSET FINANCE FOR SMEs

## Supporting your business growth

Purchasing new specialist or manufacturing equipment, refurbishing your offices or investing in the latest IT solutions is vital for the future success of your business, but can be cost prohibitive if you pay for it all upfront in a lump sum. We can support you by helping your business spread the cost over 5 years or less, retaining cash in your business and achieving quicker return on investment and breakeven points.

We can provide funding for all kind of asset investment including but not limited to; computer hardware, software including PMS, specialist business and office equipment, plant and machinery, commercial vehicles, premise refurbishments, office relocations and more.

A finance plan from Wesleyan Bank can give you flexibility and control over your finances, and ensures your business gets the equipment and assets that it needs to flourish, without the large upfront price tag.

## Key benefits

- ▶ Spread the cost of your investments over 1 to 5 years
- ▶ Quicker ROI and breakeven point
