# IT FINANCE FOR EDUCATIONAL INSTITUTES

## THE EDUCATION FUNDING CHALLENGE

### Supporting your business growth

As schools and colleges are being encouraged to break away from traditional classroom and curriculum models, and pupils are being prepared for the future of the workplace, access to the latest ICT is vital. How can you meet the expectations of students, staff, parents, governors and other stakeholders, when the budget is simply not available?

Wesleyan Bank can support your educational institute in acquiring the latest technology, inside and outside of the classroom. One of our expert account managers will work with you from beginning to end to guarantee a tailored approach, ensuring that we achieve your key objectives and budgetary requirements.

As well as being able to amend agreements midway through the contract, we're also able to fund not just the IT itself but any costs involved in the installation, training, maintenance and support contracts. We can wrap this all into one bespoke payment plan.

As a BESA member, you can be assured that Wesleyan Bank is a reliable and trusted provider to the education sector.
