IT FINANCE FOR PROFESSIONAL PRACTICES

A COMPLETE PACKAGE FOR YOUR IT SOLUTION

Supporting your business growth

With the rate of innovation increasing rapidly, professional practices are struggling to keep pace with technological advances in the workplace. However, for many practices, this can be crucial to a successful future. The main barrier to keeping up with technological change is the cost of investment. Spreading the cost can therefore be a simple solution to ensuring your practice gets the latest technology that it needs without the large upfront investment.

At Wesleyan Bank we go one better and can help finance the hardware, software, installation, training and ongoing support and maintenance costs in one monthly repayment contract, meaning no hidden upfront costs to your practice.

As a fully flexible finance plan, we can also provide upgrades and additional licenses midway through a contract term, without any increase to monthly repayments.

As the only endorsed finance provider to the Law Society of England and Wales, as well as the Law Society of Scotland, and as a Member Rewards Partner to ICAEW members you can be assured that we have the expertise and knowledge to support your practice.
