# TAX FUNDING FOR SMES

UTILISE CASH WHERE YOU REALLY NEED IT

## Supporting your business growth

As a significant cost for your business, tax liabilities can put a considerable amount of pressure on your cash flow, even when you have planned for them.

Paying for your tax bill upfront can tie up your banking lines and mean that you are lacking working capital in other important areas of the business. If you want to maintain working capital and protect cash flow, you can choose to spread the cost of your tax liability over 6 or 12 months with an unsecured loan from Wesleyan Bank.

Our spread payment facility can be utilised over 6 or 12 months and have also developed an online application portal allowing you to get an instant quote and apply online in minutes. For more information about our online portal, please visit [www.wesleyan.co.uk/sme\\_tax\\_funding](http://www.wesleyan.co.uk/sme_tax_funding)
