WESLEYAN WITH PROFITS ISA FUND
30 April 2019

FUND OBJECTIVE

The Wesleyan With Profits ISA Fund aims to provide capital growth over a medium to long term period by investing in UK and International shares, fixed interest stocks, property, cash and other related investments. The fund aims to avoid sharp rises and falls by ‘smoothing’ the return on your investment over the period of the plan.

UNDERLYING FUND PERFORMANCE (AS AT 30/04/2019)

Cumulative Performance to 30/04/2019

Source: Internal actual returns correct at 30 April 2019. The performance figures shown above are based upon the gross return on the underlying assets of the With Profits Fund before charges are deducted and do not include the effects of smoothing. The return individual investors have received on their own investments will be different due to, for example, the amount invested, smoothing and charges.

INVESTMENT RETURNS

The table below demonstrates what the potential cash in value for the fund would have been on 01/05/2019, with a deposit of £10,000 in the Wesleyan With Profits ISA Fund 1, 3, 5 or 10 years ago.

These figures are based on historical performance of the fund after accounting for initial and ongoing charges, and are not guaranteed. Please note that past performance is not a reliable guide to future performance and the value of your investment can go down as well as up, so you could get back less than you have invested.

Figures shown are net of AMC and initial charges and include the effects of smoothing with regular bonuses and a final bonus added.

With profit payouts incorporate the effects of smoothing of investment returns. Through ‘smoothing’, we may keep some of the investment growth back in periods of good return to cushion any reduction in value when stock markets fall. ‘Smoothing’ cannot fully protect customers when investment conditions decline over long periods. It is recommended that investments held in the Wesleyan With Profits ISA Fund are held for a minimum of five years.

In addition to the return on investments within the fund, the bonuses that we declare will also depend on other factors including the amounts of profits or losses that we make from other business and whether these are allocated across our With Profits policies or retained by the Society. We may add regular bonuses throughout the period of your investment and we might also add a final bonus when you cash in your units.

* Fund Size includes all life and pension investments held in the Wesleyan Open Market With Profits Fund and Wesleyan Closed With Profits Fund as at 30/04/2019

** For WPISA v9 customers, the Annual Management Charge (AMC) is 1.2%, each year, of how much your account is worth. We split this up and take it over the year before we set the unit price. If you opt in to the Ongoing Advice Service (OAS) that Wesleyan Financial Services (WFS) provide, we take an extra annual charge of 0.5%. We will take this monthly by cashing in units.

For customers with previous versions, the AMC includes the cost of the OAS that WFS provide. We take part of the 1.5% every day over the year, before we set the unit price. For customers who opt out of OAS, we will reduce the AMC by 0.5%. If you have a v9 ISA, it will say With Profits ISA v9 on your Policy Document and Policy Schedule. If it doesn’t say this, you have a previous version.

FURTHER INFORMATION

If money invested in the With Profits Fund is taken out, a Market Value Reduction (MVR) may be applied; this may have the effect of reducing the fund value. The MVR will not be applied if the policy is being cashed in on death or in certain circumstances set out in your policy documents.

You can find more detailed information on MVRs and how our with-profits fund works in our series of booklets “How our With Profits Funds work”.

Details of our product charges can be found in the Key Features Document for the relevant product. All documents mentioned and up-to-date information about fund prices are available on our website at www.wesleyan.co.uk.

This fund is not classified as an Ethical Fund. However, similar to the With Profits Fund, the Wesleyan Ethical Fund is available through a range of life and pension products.

**FUND RISK RATING**

<table>
<thead>
<tr>
<th>Lower risk</th>
<th>1</th>
<th>2</th>
<th>3</th>
<th>4</th>
<th>5</th>
<th>Higher risk</th>
</tr>
</thead>
</table>

We rate this fund as Moderate Risk/Reward. This means that it is suitable for investors who are looking for higher returns than cash or fixed interest based investments and accept investing in higher risk assets to achieve this but in a way that limits exposure to frequent market rises and falls. When investments are cashed in, there is a risk that they may be worth less than put in. Money is mostly held in shares and property, with a lower proportion in fixed interest and cash based investments.

**ABOUT FUND MANAGER**

Name: Martin Lawrence
Start Date: 04/01/2016

Martin Lawrence has been a Fund Manager since 2001 and has overall responsibility for managing several equity and multi-asset funds. He joined the Society as an Investment Analyst in 1995 and is a fully qualified Associate of the CFA Society of the UK. In addition, Martin is Head of Investment Research at Wesleyan and is backed by a team of Fund Managers and Analysts who are market sector specialists.
