About this document

This document explains the service we offer, how you will pay for it and how we do business with you. It is also our standard agreement on which we intend to rely. Therefore, it is important that you read this document carefully and keep it safe for future reference.

If there is anything you do not understand, please ask for an explanation.

Wesleyan Financial Services Ltd

Wesleyan Financial Services Ltd is the advice and distribution company of the Wesleyan Group of Companies. Wesleyan Assurance Society was founded in 1841 to help people overcome the financial problems brought on by the industrial revolution. Wesleyan Assurance Society began offering life assurance in 1855 and added to their range so that by 1927 they offered a complete range of insurance services which we continue to offer today.

Wesleyan Assurance Society is a mutual organisation which means it is owned by and run for the benefit of its members. The Society does not have any shareholders and any profits are either re-invested into the mutual organisation or used as internal finance to ensure the mutual is sustainable, safe and secure.

Our Relationship with you

We act on your behalf and can offer you advice on savings, investments (including pensions), mortgages and insurance. We do not provide advice on long term care or equity release mortgages. In order for us to give you advice you must be UK resident for tax purposes. In addition you must be physically present in the UK when we give you advice, or we must be able to send our recommendations to a UK address.

Our Service

For investments and pensions, Wesleyan Financial Services Ltd will offer you advice on a limited number of products provided by Wesleyan Assurance Society and Wesleyan Unit Trust Managers. For protection, we will offer you advice on a limited number of products provided either by one provider or a limited number of providers. This is known as restricted advice. For mortgages, we offer a comprehensive range of mortgages from across the market but do not offer deals which you can only get by going direct to a lender. We do not advise on second charge mortgages. For annuities, we offer a comprehensive range of non investment link plans from across the market.

If your enquiry is in relation to additional borrowing we will provide advice on further advances as first charge borrowing only, i.e., we will consider the options for a further advance from your existing lender, or a remortgage to include the additional borrowing with a new lender. Other forms of borrowing we do not advise on are

available; these include second charge mortgages and unsecured lending such as personal loans and credit cards.

Investment Products

Wesleyan Financial Services will provide advice in relation to insurance based investment products provided by Wesleyan Assurance Society and Unit Trust products (including Individual Savings Accounts, Junior Individual Savings Accounts and Investment Accounts) provided by Wesleyan Unit Trust Managers.

You may have to pay taxes and other costs relating to our service which we do not control. We cannot pay these on your behalf.

Insurance

For providing advice and recommendations for the insurances specified below, we will be paid commission by the insurance provider. Although you pay nothing up front that does not mean that our service is free as you still pay for our advice indirectly through product charges. Details of the commission we will receive be confirmed in your illustration and Suitability Report.

Mortgage Protection	Income Protection	Whole of Life Assurance (non-investment)
Term Assurance	Locum Insurance	Gift Inter Vivos

For providing advice and a recommendation for a mortgage, we will be paid commission by the mortgage lender. Wesleyan Financial Services will receive a payment from Premier Mortgage Services for every mortgage submitted through them. Information on the levels of commission we may receive from different mortgage lenders is available on request. Although you pay nothing up front that does not mean that our service is free as you still pay for our advice indirectly through product charges. Details of the commission we will receive will be confirmed in your illustration, or European Standardised Information Sheet (ESIS), and Suitability Report. Your key facts illustration (or ESIS) will also tell you about any fees relating to a particular mortgage being considered.

Savings, Investments, Pensions and Annuities

We charge you for:

- ▶ our initial advice; and
- ▶ providing ongoing advice, if required; or
- ▶ providing ad-hoc advice on existing plans.

There may be other charges that apply to specific products and these will be confirmed in your illustration.

Initial Advice Charge (only applicable if you purchase a Savings, Investment or Pension plan)

You will pay an 'Initial Advice Charge' on each new investment you make into the plan as a result of our advice. Although you pay nothing directly to Wesleyan Financial Services Ltd, we will receive this fee through your plan. Details of the fee will be confirmed in your illustration and Suitability Report.

The Initial Advice Charge applies when as a result of our advice:

- ▶ you take out a new savings, investment, pension plan or annuity
- ▶ you make regular payments into a plan;
- ▶ existing funds in a pension policy are selected for drawdown; or
- ▶ you top-up a savings or investment product you already hold with us.

We may change the Initial Advice Charge at any time in the future. When you take out a new savings, investment, pension product or annuity or top-up an existing savings, investment or pension product in the future, the Initial Advice Charge at that time will be applied.

We will waive any Initial Advice Charge which would apply for moving pension funds to Flexi-access Drawdown when as part of the same advice those funds have already been subject to an Initial Advice Charge within the previous 12 months.

We will reduce the Initial Advice Charge to 1% for moving pension funds in to Flexi-access Drawdown when as part of a separate piece of advice those funds have already been subject to an Initial Advice Charge within the previous 24 months.

The Initial Advice Charge covers our meetings as described in the 'How we provide our advice to you' section.

We use a tiered charging structure based on a percentage of your investments.

Top ups of less than £250,000 into existing plans which then take the total payment to £250,000 and premiums spread across multiple plans where the payment to each individual plan is less than £250,000 do not qualify for this discount.
